TRACK & TRACE REGISTER

The UK is currently experiencing a public health emergency as a result of the Corona virus (COVID-19) pandemic. It is therefore critical that organizations take a range of measures to keep everyone safe.

The easing of social and economic lockdown measures following the COVID-19 outbreak is being supported by NHS Test and Trace. You should assist by keeping a temporary record of your customers and visitors(*) for 21 days, in a way that is manageable for your organisation, and assist NHS Test and trace with requests for that data if needed. This could help in containing clusters or outbreaks.

NHS Test and Trace Service

- NHS Test and Trace service to form a central part of the government Corona virus strategy.
- Anyone with symptoms will be tested and their close contacts will be traced.
- New guidance means those who have been in close contacts with someone who tests positive must isolate for 14-days, even if they have no symptoms, to avoid unknowingly spreading the virus.
- The service will help identify; contain and control Corona virus, reduce the spread of the virus and save lives.

Please look to make sure your playing counterparts are carrying out their own register.
